Date : 22.6.2006.

PC

1. Perused the report dated 21.6.2006 of the Medical Superintendent of the J.J.Hospital. It appears from the said report that on 6.6.2006 the applicant was examined by Dr.Pravin Tungewar and he was not found to be in need of any active surgical management or treatment. Thereafter the prisoner was sent to the department of chest diseases and according to the letter of Dr.Sushant Meshram the prisoner

patient was on Anti Koch's treatment for 2 months in jail and then the treatment was stopped. Advocate for the applicant states that the applicant is now admitted at Mahatma Phule Hospital, Vikhroli and he is suffering from fits of epilepsy. It does not appear to be the contention that the condition of the applicant cannot be treated from jail. Advocate for the applicant states that the applicant may be allowed to take private treatment. In the circumstances, application is rejected. However, if the applicant makes an application to the Jail Superintendent for any private treatment, he may be allowed to take private treatment at his cost. One week time is granted to the applicant to surrender to the Jail Superintendent, Arthur road central jail.
